

# THANK YOU, GEORGE MASON STUDENTS

For Supporting Your Food Service Workers

We appreciate the huge amount of support George Mason students have shown as we've stood up to improve our jobs and our lives.

Unfortunately, there has been some misinformation about why we want to form a union. A growing number of Sodexo workers hope to gain:

- A decent wage
- Quality, affordable health care
- A safe working environment

As you know, last week over 100 of us walked off the job to protest Sodexo's campaign of fear and intimidation.

We will continue speaking out until there is justice on campus.
